PREMIUM WOOD

Style Premium Wood

Nasce Premium Wood come raccolta interamente dedicata a quelle collezioni che fanno del legno naturale il loro punto di forza, rendendo giustizia a un materiale che ormai da anni regala tra le creazioni più versatili e sofisticate di casa Talenti, talvolta raccogliendo le redini delle omonime linee Alu e reinterpretandole in ottica naturale, talvolta dando vita a qualcosa di originale e unico. In un viaggio immaginario che inebria i sensi, tra i paesaggi mozzafiato dell'Italia, della Francia e della Spagna, dominano le venature miele del teak e del accoya che riportano alla mente gli imponenti boschi montani, le cromie soft del beige e del bianco come la sabbia di spiagge paradisiache, i colori pastello del blu, del verde e del rosso in un volo che attraversa i mari caldi del Mediterraneo e le dolci colline irrorate dal sole caldo del sud. Nuove forme, combinazioni e finiture scelte con cura e realizzate da mani sapienti per arricchire spazi outdoor all'insegna del vivere in sintonia con la natura.

Premium Wood is born as a collection entirely dedicated to those collections that make natural wood their strong point, doing justice to a material that for years now has been giving the most versatile and sophisticated creations of Talenti, sometimes collecting the reins of the homonymous Alu lines and reinterpreting them in a natural way, sometimes giving life to something original and unique. In an imaginary journey that inebriates the senses, among the breathtaking landscapes of Italy, France and Spain, dominate the honey veins of teak and accoya that bring to mind the imposing mountain forests, the soft shades of beige and white like the sand of paradisiacal beaches, the pastel colors of blue, green and red in a flight that crosses the warm seas of the Mediterranean and the gentle hills sprinkled by the warm sun of the south. New shapes, combinations and finishes carefully chosen and made by skilled hands to enrich outdoor spaces in the name of living in harmony with nature.

Edwincollection

Design Studio Talenti

Edwin Wood è una collezione outdoor che celebra la bellezza naturale del legno, combinata a linee pulite e una struttura robusta per garantire durata e comfort. Ogni pezzo è progettato per valorizzare le venature e le sfumature uniche del teak, trasformando gli spazi esterni in ambienti accoglienti e raffinati. L'equilibrio tra tradizione e modernità si riflette nelle forme essenziali, nella scelta del tessuto bouclé e nell'utilizzo dell'elegante intreccio in paglia di Vienna diventato celebre in epoca vittoriana e rielaborato nei secoli successivi, dando vita a pezzi di design dal fascino intramontabile.

Edwin Wood is an outdoor collection that celebrates the natural beauty of wood, combined with clean lines and a sturdy structure to ensure durability and comfort. Each piece is designed to enhance the grain and unique nuances of teak, transforming outdoor spaces into welcoming and refined environments. The balance between tradition and modernity is reflected in the essential shapes, in the choice of bouclé fabric and in the use of the elegant Vienna straw weave which became famous in the Victorian era and reworked during the following centuries, giving life to design pieces with a timeless charm.

Theacollection

Design Marco Acerbis

La collezione Thea, disegnata da Marco Acerbis, rappresenta l'incontro perfetto tra eleganza e funzionalità. Realizzata in teak, Thea si ispira al design scandinavo, caratterizzato da linee pulite e un'estetica minimalista. Ogni pezzo è studiato per offrire comfort e durabilità, rendendo la collezione ideale per ambienti esterni. Thea trasforma lo spazio in un'oasi di raffinatezza e semplicità, incarnando l'eccellenza artigianale e l'attenzione ai dettagli.

Thea collection, designed by Marco Acerbis, is the perfect blend of elegance and functionality. Made from teak, Thea is inspired by Scandinavian design, featuring clean lines and a minimalist aesthetic. Each piece is crafted to offer comfort and durability, making the collection ideal for outdoor settings. Thea transforms spaces into an oasis of refinement and simplicity, embodying craftsmanship excellence and attention to detail.

Dolcevitacollection

Design Studio Talenti

Ispirata alle calde sere d'estate, la collezione Dolcevita, con il suo design essenziale, nasce per donare freschezza a qualsiasi spazio outdoor. Leggera nelle forme e al contempo raffinata grazie alle finiture in teak e gres, è caratterizzata dal fitto intreccio di corde che fanno da file rouge alle composizioni living, dining e relax con una vasta scelta di cromie pastello per adattarsi ad ambienti anche molto diversi stilisticamente.

Inspired by warm summer evenings, the Dolcevita collection, with its essential design, was created to give freshness to any outdoor space. Light in shape and at the same time refined thanks to the finishes in teak and stoneware, it is characterized by the dense weave of ropes that act as a common line to the living, dining and relax combos with a wide choice of pastel colors to adapt to environments also very different stylistically.

Parkercollection

Design Studio Talenti

La collezione Parker di Talenti Outdoor Living unisce l'eleganza del teak con la resistenza delle corde nautiche. Dal design essenziale, Parker offre uno stile moderno e raffinato, perfetto per ambienti esterni. I tubolari in teak conferiscono solidità, mentre le corde nautiche aggiungono un tocco di leggerezza e contemporaneità, garantendo durabilità e comfort in ogni stagione.

The Parker collection by Talenti Outdoor Living combines the elegance of teak with the durability of nautical ropes. With its essential design, Parker offers a modern and refined style, perfect for outdoor spaces. The teak tubular structures provide strength, while the nautical ropes add a touch of lightness and modernity, ensuring durability and comfort throughout every season.

Mooncollection // Teak
Design Cristian Visentin

Una proposta dallo stile elegante, caratterizzata dal colore del legno teak naturale e dalla corda intrecciata, che ne esalta l'aspetto naturale ed artigianale. Una collezione di tavoli, divani e sedie che traggono ispirazione dalle forme sinuose della luna. Una struttura affusolata concepita per sostenere e avvolgere sedute comode e spaziose che rendono la collezione Moon un accessorio indispensabile per godere di piacevoli momenti di relax creando ambienti unici e lussuosi.

A collection that skillfully highlights both natural and artisan features, thanks to the warmth of wood (natural teak) and the woven rope. A collection of tables, sofas and chairs whose lines draw inspiration from the sinuous forms of the moon. A slender frame conceived to support and envelope an elegant and comfortable seating shell that makes Moon collection an indispensable furniture to live a relaxing moments creating a unique and luxury.

Olivercollection

Design Studio Talenti

In Oliver, tutta la bellezza delle sfumature del legno naturale vengono esaltate dall'accostamento con il bianco caldo del tessuto. In questa collezione in cui il legame con la natura si esprime nella sua forma più genuina, le linee regolari del teak delle strutture living e dining, creano una composta alternanza di forme che abbraccia cuscinerie morbide e discrete. Anche i piani dei tavoli in graniglia, novità assoluta tra le collezioni Talenti, dalla piacevole finitura liscia in cui tutte le cromie si mescolano gradevolmente, contribuiscono nell'intento di dar vita ad un unicum dai toni neutri in stretto contatto con l'ambiente naturale.

In Oliver, all the beauty of the shades of natural wood are enhanced by the combination with the warm white of the fabric. In this collection where the link with nature is expressed in its most genuine form, the regular lines of teak of the living and dining structures, create a compound alternation of shapes that hug soft and discreet cushions. Graniglia table tops, with a pleasant smooth finish in which all the colours are pleasantly mixed, also contribute to create a unique neutral tone in close contact with the natural environment.

Alabamacollection // Wood

Design Marco Acerbis

Design, gusto e proporzioni sono elementi essenziali di questa linea. Nella collezione Alabama, il legno di iroko fa da protagonista ed è unito alla morbidezza del tessuto degli schienali e delle sedute. Uno stile fresco e minimale ma al tempo stesso ricercato, in cui materiali diversi si fondono per creare una collezione dal carattere unico e dal sapore contemporaneo.

Design, taste and proportion are essential elements of Alabama collection where iroko wood, with its ability to impart colour and warmth, plays the lead role. A collection with a minimal but refined style, where the mix and match of different materials creates a range from a unique and contemporary design.

Prichicollection

Design Studio Talenti

Direttamente dai salotti in stile inglese, una collezione che comunica con l'ambiente naturale ma non vuole rinunciare alla compostezza tipica degli arredamenti indoor. Prichi si compone di un set living e uno dining cozy chic, caratterizzati dall'utilizzo di materiali che ben si adattano a una vasta gamma di architetture. I piani caffè dal taglio essenziale e moderno contrastano con l'elaborato intreccio di corde e legno che si sviluppa su schienali e braccioli, rendendo le sedute di questa collezione elementi d'arredo sofisticati.

Directly from the living rooms in English style, a collection that communicates with the natural environment but does not want to give up the composure typical of indoor furniture. Prichi consists of a cozy chic living and dining set, characterized by the use of materials that suit well to a wide range of architectures. The coffee tops with an essential and modern cut contrast with the elaborate weave of ropes and wood that develops on the backs and armrests, making the seats of this collection sophisticated outdoor elements.

Namicollection

Design Teresa Sapey

Compatto e moderno, Nami è il sunbed versatile che arricchisce ogni spazio relax. Con il suo iconico poggiatesta mobile che si tramuta in elegante bracciolo centrale, si rivela un'assoluta novità in grado di adattarsi a molteplici contesti di design, risultando sempre protagonista. Unico nel suo genere, nasce dall'eclettica mente di Teresa Sapey, designer italiana il cui stile è forgiato dal più moderno e creativo pensiero iberico, ma fortemente legato alla tradizione Talenti grazie all'utilizzo di quei materiali solidi come l'alluminio e il legno naturale, che ne contraddistinguono la produzione, garantendo finiture di qualità.

Compact and modern, Nami is the versatile sunbed that enriches any relaxation space. With its iconic mobile headrest that turns into an elegant central armrest, it reveals an absolute novelty that can adapt to multiple design contexts, always being the protagonist. Unique in its kind, it was born from the eclectic mind of Teresa Sapey, Italian designer whose style is forged by the most modern and creative Iberian thought, but strongly linked to the Talenti tradition thanks to the use of solid materials such as aluminum and natural wood, that distinguish the production, ensuring quality finishes.

Graphite

Alluminio: Grazie alla fusione di più leghe di alluminio che ne garantiscono solidità, maneggevolezza ed inattaccabilità alla ruggine, è un materiale di elevata qualità e permette di raggiungere i massimi risultati qualitativi ed estetici.

Manutenzione: Per mantenere a lungo il prodotto in buone condizioni, consigliamo una corretta pulizia periodica, particolarmente frequente in località caratterizzate da forte umidità e clima marino. Si raccomanda di pulire le superfici con un panno morbido utilizzando acqua o detersivi neutri. Prolungate ed ininterrotte esposizioni a intense radiazioni UV o a temperature molto rigide possono incidere sulle caratteristiche iniziali del rivestimento estetico colorato costituito da poliestere. Consigliamo di pulire e conservare in luoghi riparati i prodotti durante periodi d'inutilizzo prolungato e invernali.

Aluminum: Thanks to the fusion of several aluminum alloys that guarantee solidity, manageability and rust resistance, it is a material of high quality and allows to reach the maximum qualitative and aesthetic results.

Maintenance: To keep the product in good condition for a long time, we recommend a regular cleaning period, particularly frequent in places characterized by high humidity and marine climate. We recommend cleaning the surfaces with a soft cloth using water or neutral detergents. Prolonged and uninterrupted exposures to intense UV radiation or at very low temperatures can affect the initial characteristics of the colored polyester coating. We recommend cleaning and storing products in sheltered areas during long periods of non-use and winter.

Teak: Materiale di elevata qualità ideale per la realizzazione di mobili da esterno perché estremamente resistente ai cambiamenti di temperatura, all'acqua, all'umidità e alla salsedine.

Accoya è una nuova varietà di legname di eccezionale durabilità, questo legno dalle elevate prestazioni viene prodotto con materie prime sostenibili e gestite in maniera ottimale, non è tossico ed è inoltre dotato di una stabilità dimensionale e di una durabilità in grado di superare quella dei migliori legni duri tropicali.

Iroko: particolare tipo di legno dotato di numerose proprietà meccaniche, fisiche e tecnologiche: la capacità di opporsi alle sollecitazioni esterne e l'attitudine a lasciarsi lavorare nonostante la sua durezza. La particolare stabilità e la medio-alta durezza conferiscono a questo legno una buona resistenza alle deformazioni e ne garantiscono una durata nel tempo davvero eccellente.

Trattandosi di un materiale naturale si potrebbero osservare variazioni di colore o anche crepe dovute al grado di umidità ed ai bruschi cambiamenti di temperatura. Qualora non ricevesse alcun trattamento di manutenzione, mediante l'applicazione periodica di comuni e specifici protettivi a base olio, la superficie potrebbe prendere una patina grigio argento che potrà essere eliminata con una leggera carteggiatura superficiale e successiva lucidatura con panno di iuta. Piccole macchie superficiali dovute ad olio o altri prodotti alimentari dovranno essere rimosse tempestivamente, prima che il legno possa assorbirle in profondità, carteggiando la superficie interessata e lucidandola successivamente con un panno di iuta.

Teak: High quality material suitable for outdoor furniture because it is extremely resistant to changes in temperature, water, humidity and saltiness.

Accoya is a new variety of wood characterized by an exceptional durability. This wood shows very good performances and is produced with sustainable raw material, managed in an optimal way. It is not toxic and it has got a dimensional stability. Its durability is much higher than the one of the best hard tropical wood.

Iroko: particular type of wood with numerous mechanical, physical and technological properties: its resistance to external stress and workability despite its hardness. The particular stability and medium-high hardness give this wood a good flexural strength resistance to deformation and guarantee excellent durability.

Being a natural material, colour variations or even cracks due to the degree of humidity and sudden changes in temperature may be observed. If no maintenance treatment is received, through the periodic application of common and specific protective oil-based, the surface may take a silver-gray patina that can be easily removed with a light surface sanding down and subsequent polishing with a jute cloth. Small superficial stains due to oil or other food products must be removed promptly, before the wood can absorb them in depth, sanding down the affected surface and then polishing it with a jute cloth.

Doppia treccia costruita con anima in nylon e copertura in olefin multi filamento, resistente ai raggi UV.

Per la pulizia si raccomanda di utilizzare acqua e detersivi liquidi non abrasivi con PH neutro ed incolori.

The double braid made with nylon core and multi-filament olefin cover is resistant to UV rays.

It is recommended to clean with water and non-abrasive liquid detergents, use only products with neutral PH and colourless.

Materials

Wicker fiber

R56

Vienna straw

La fibra wicker è un materiale sintetico che riproduce l'aspetto del midollino, con il valore aggiunto di essere completamente resistente agli agenti atmosferici e al passare del tempo. Una delle caratteristiche distintive della fibra wicker è il suo intreccio, realizzato meticolosamente a mano. Questo processo artigianale richiede grande attenzione ai dettagli, in modo da garantire non solo la resistenza e la durata del materiale, ma anche un'estetica che trasmette calore e artigianalità. Ogni filo, con un diametro di 2mm, viene intrecciato con precisione per creare una trama irregolare, che risulta particolarmente confortevole e piacevole al tatto. Questa cura nella lavorazione a mano conferisce un carattere unico a ogni prodotto realizzato con la fibra wicker, combinando tradizione e innovazione per ottenere elementi dall'aspetto naturale ma dalla straordinaria leggerezza e resistenza, specialmente quando accoppiata a strutture in alluminio.

Per la pulizia e manutenzione ordinaria, è consigliato lavare la fibra con acqua a pressione, utilizzando una spugna non abrasiva e un sapone delicato oppure una spazzola a setole morbide per raggiungere meglio gli spazi tra gli intrecci. È importante evitare l'uso di strumenti che possano graffiare la superficie della fibra. Lasciare asciugare la corda al sole e ricoprire con i cuscini solo quando è completamente asciutto.

Wicker fibre is a synthetic material that reproduces the look of wicker, with the added value of being completely resistant to weather and time. One of the distinctive features of wicker fiber is its meticulously hand-crafted weaving. This artisanal process requires great attention to detail, so as to ensure not only the strength and durability of the material, but also an aesthetic that conveys warmth and craftsmanship. Each wire, with a diameter of 2mm, is precisely braided to create an irregular weave, which is particularly comfortable and pleasant to the touch. This care in the hand-made process gives a unique character to each product made with wicker fiber, combining tradition and innovation to obtain elements of natural appearance but extraordinary lightness and resistance, Especially when coupled to aluminium structures.

For ordinary cleaning and maintenance, it is recommended to wash the fiber with water under pressure, using a non-abrasive sponge and mild soap or a soft bristle brush to better reach the spaces between the weaves. It is important to avoid using tools that can scratch the surface of the fiber. Let the rope dry in the sun and cover with cushions only when it is completely dry.

Materials

Cinghie elastiche / Elastic belt

Ecu

Mokka

Ottenute mediante la tessitura di materiali sintetici studiati per permettere di essere usata all'esterno.

Si consiglia di evitare il contatto prolungato con sostanze grasse e/o coloranti che potrebbero venir assorbite dal materiale di rivestimento e dare luogo, di conseguenza, a macchie permanenti e rischiare di deteriorare la struttura del filato. Si consiglia di evitare l'utilizzo di solventi. Utilizzare acqua e detersivi liquidi non abrasivi con PH neutro ed incolore.

Obtained through the weaving of synthetic materials especially conceived outdoor use.

We recommend to avoid prolonged contact with greasy substances and / or dyes which could be absorbed by the covering material used and consequently cause permanent stains and risk to deteriorate the structure of the yarn. It is advisable it is suggested to avoid the use of solvents. Use water and non-abrasive liquid detergents with neutral PH and colourless.

Fiberglass

glossy beige

glossy brown

Per la pulizia della fibra di vetro utilizzare un panno morbido e sapone neutro. Evitare prodotti abrasivi o acidi, che potrebbero danneggiare la superficie. Asciugare subito per prevenire aloni o macchie con un panno in microfibra.

For cleaning the fiberglass use a soft cloth and mild soap. Avoid abrasive or acid products, which could damage the surface. Dry immediately to prevent stains with a microfiber cloth.

Materials

Gres / Stoneware

Calacatta

Limestone sand

Grey moon

Il gres, grazie alle sue eccellenti proprietà fisiche e meccaniche, risulta essere ideale per uso esterno, essendo inattaccabile dagli agenti atmosferici e inalterabile ai raggi UV. Grazie all'utilizzo di materiali puri compattati tra loro ad alte temperature, senza l'aggiunta di resine sintetiche, il gres risulta molto resistente agli urti e alla flessione.

Per la pulizia dei piani in gres si consiglia l'utilizzo di un panno inumidito con acqua e detergente neutro da risciacquare ed asciugare con un panno asciutto. Nella fase di lavaggio porre particolare attenzione al fine di evitare l'accumulo di sporco o calcare.

The stoneware, thanks to its excellent physical and flexural strength, turns out to be ideal for outdoor use, being unaffected by atmospheric agents and unalterable to UV rays. Composed of pure ingredients compacted at high temperatures, without the addition of synthetic resin.

For the cleaning of stoneware tops it is advisable to use a damp cloth with water and a neutral detergent to be rinsed and dried with a dry cloth. During the washing phase, pay particular attention to avoid the accumulation of dirt.

Materials

Terrazzo

Beige

Grey

Red

Terrazzo o graniglia è un materiale nato grazie al riciclo degli scarti del cemento colorato e alla lavorazione del marmo. Viene ottenuta da una miscela di cementi fortemente leganti, colorati in pasta con ossidi naturali, e schegge recuperate dalla frantumazione dei più svariati tipi di marmo. La superficie del Terrazzo viene poi levigata per ottenere una finitura piacevole al tatto e per esaltare la bellezza degli inerti.

Pulizia e manutenzione ordinaria con acqua e sapone neutro. Il sapone naturale pulisce, disinfetta e nutre le graniglie proteggendole allo stesso tempo. NON utilizzare detergenti aggressivi o prodotti acidi/alcasini che comprometterebbero il pavimento calcareo. L'utilizzo, periodico, di cera neutra per marmo nell'acqua ravviva i colori e crea un effetto patina che proteggerà le graniglie.

Terrazzo or Graniglia is a material created by recycling coloured cement waste and marble processing. It is obtained from a mixture of strongly binding cements, coloured with natural oxides, and splinters recovered from the crushing of various types of marble. The Terrazzo surface is then polished to obtain a finish that is pleasant to touch and to enhance the beauty of the aggregates.

It can be cleaned with water and neutral soap. Natural soap cleans, disinfects and nourishes the graniglia. DO NOT use aggressive detergents or acid/alkaline products that would compromise the limestone floor. The periodic use of neutral marble wax mixed in some water revives the colours and creates a patina effect that will protect the graniglia.

Materials

Textilene

Tortora Dove

Nero Black

Il Textilene è una fibra di poliestere protetta da un rivestimento in PVC. Le fibre vengono poi legate insieme in modo da ottenere una sostanza fibrosa particolarmente solida è permanente, resistente allo stiramento ed immune da strappi. La caratteristica più importante è la sua elasticità, offre un'eccellente resistenza alle muffe e alle macchie, e presenta un trattamento superficiale contro la degradazione UV.

Il textilene può essere pulito semplicemente con un panno di spugna con acqua saponata. Abrasivi e solventi devono essere assolutamente evitati! Si asciuga molto rapidamente a causa della loro struttura aperta.

Textilene is a polyester fiber protected by a PVC coating. The fibers are bonded together so in order to obtain a particularly solid fibrous material which is durable, resistant to stretching and wear resistant too. The most important characteristic is its elasticity, offers excellent resistance to inhibits mold and stains, and has a surface treatment against UV degradation.

Textilene can simply be cleaned with a sponge cloth with soapy water. Abrasives and solvents must absolutely be avoided! It dries very quickly due to their open structure.

Cover

Realizzato con un accoppiato in 3 strati. I due strati esterni sono di propilene ed hanno funzione sia estetica, sia di protezione della membrana interna. La membrana interna è il tessuto tecnico che svolge la maggior parte del lavoro e che ha le proprietà di permeabilità all'aria e impermeabilità. Lavaggio: acqua e sapone, no lavaggio a macchina o a secco.

- Composizione tessuto: polipropilene
- Peso del tessuto: gr 170 circa
- Resistenza alla lacerazione (chiodo): N(MD) 180 - norma EN12310-1
- Resistenza alla penetrazione d'acqua: mm 1200 - norma EN 1928
- Permeabilità all'aria l/(mq-s): norma EDANA 140.2-99
- Trasmissione del vapore acqueo: Sd value m 0,051 - norma EN 12752.
- Protezione contro i raggi UV 500/1000 ore

It is made of three coupled layers. The external ones are made of propylene whose function is not only the aesthetic one, since it also protects the internal membrane. Such membrane is the technical fabric that plays the most important role: the permeability to air and the impermeability. Washing: to wash with soap and water, do not wash in washing machine or dry cleaning.

- Composition of the fabric: propylene
- Weight of the fabric: about gr 170
- Resistance to laceration (nail): N(MD) 180 - EN12310-1 Standard
- Resistant to water penetration: mm 1200 - EN 1928 Standard
- Resistance to air penetration l/(mq-s): EDANA 140.2-99 Standard
- Water vapor transmission: Sd value m 0,051 - regulation EN 12752.
- protection against UV 500/1000 hours

CONDIZIONI GENERALI DI VENDITA

1. I colori, disegni e misure dei prodotti presenti nel catalogo sono indicativi. La Talenti Spa ha facoltà di eliminare o modificare i modelli delle proprie collezioni senza alcun preavviso.
2. I prezzi dei modelli standard sono espressi nello specifico listino prezzi fornito dall'azienda. Per quanto riguarda gli articoli su misura il preventivo verrà tempestivamente fornito dalla Talenti dietro richiesta del cliente.
3. L'acquirente è tenuto a controllare sempre la merce e ad indicare nel DDT la data di ricevimento, la persona che la riceve ed il timbro della ditta, nonché le eventuali anomalie nel materiale. Talenti Spa accetterà esclusivamente reclami presentati entro 5 (cinque) giorni dal ricevimento della merce.
4. La Talenti Spa con la consegna al vettore in nessun caso risponde dei rischi a cui la merce è sottoposta durante il trasporto. Quindi eventuali ammanchi, rotture, deterioramenti o manomissioni sono a totale carico dell'acquirente.
5. Gli ordini dovranno essere fatti per scritto utilizzando i codici, descrizioni e prezzo come da catalogo e listini prezzi relativi.
6. Per ogni controversia è competente il foro di Terni (Italia).

GENERAL CONDITIONS OF SALE

1. The colours, drawings and sizes of the products in this catalogue are approximate. Talenti Spa reserves the right to discontinue or change the models in its collections at any time without advance notice.
2. The prices of the standard models are expressed in the specific price list that Talenti Spa will provide. Concerning customized items the offer will be immediately made and provided by Talenti Spa on request of the customer.
3. The purchaser is always required to inspect the goods and indicate on the transport document the date of receipt, the person who received it and the company's stamp, as well as any anomalies found in the material. Talenti Spa will not accept any claims presented more than 5 (five) days after receipt of the goods.
4. Once Talenti Spa has delivered products to the carrier, it is no longer responsible for risks these are subject to during transport. The purchaser is thus totally responsible for any missing pieces, breakage, deterioration or tampering.
5. Orders must be in writing using the codes, descriptions and prices shown in the catalogue and price lists.
6. The Court of Terni (Italy) will be exclusively competent for any disagreements.
